

Course Syllabus: Agile Toolkit – Product Backlog

We are glad you have joined us for this course! Here is some information that will help you to navigate your learning platform and locate course content.

Before the first live session please confirm that you can access Zoom:

1. Visit <https://support.zoom.us> and click on **Getting Started**.
2. The **Join** link is available 45 minutes prior to the start of each class. Please click the **Join** link and then **Download and Run Zoom**.

Course Information:

Agile Toolkit – Product Backlog

Target audience: anyone managing agile projects or participating on a product development team

Course description: In this Bootcamp, you'll learn about creating and managing a product backlog. – a to-do list of all of the features and functionality a product should contain. The product backlog is also considered an artifact in agile and Scrum product development.

Requirements for course completion:

Complete the Product Backlog Bootcamp session, in the Agile Project Management Bootcamp channel.

Technical Support:

We offer 24/7 support in the event that you need assistance with your Percipio learning platform. To access support, click **My Profile** in the upper right corner. Then click **Help**.

A screenshot of the Percipio Customer Help page. The page has a dark blue header with the title 'Percipio Customer Help' and a sub-header 'Our Customer Support Consultants are ready to answer your request 24 hours a day, 7 days a week.' Below the header, the page is divided into three sections: 'Knowledge Base' with a button 'Knowledge Base', 'Live Help' with a button 'Access Live Help Now', and 'All Other Contacts' with a button 'Alternate Contacts'. The page is framed by a light gray border.
